— INTRODUCING

THE SILK BLACK DOC M COLLECTION

from Armitage Shanks.

A dazzling range that's
compliant, contemporary and
crafted for use by all..

The collection ————— 4

Pack details ————— 11

With over 200 years of heritage and experience in crafting ceramics, and decades of expertise in accessible washroom design, Armitage Shanks is the trusted name in Doc M solutions.

We manufactured the UK's first ever Doc M WC pack in 1993, and our products continue to set the benchmark for performance, compliance and reliability.

Today, we combine that unrivalled heritage with contemporary design innovation, delivering fully compliant packs that meet modern expectations for both function and form.

When you choose Armitage Shanks, you're choosing a brand that understands accessibility, champions inclusive design, and never compromises on quality

WE'RE REDEFINING WHAT
ACCESSIBILITY LOOKS LIKE.

ONLY WE HAVE
*this*ABILITY.

Our new Silk Black Doc M WC and showering packs are designed to challenge the clinical, institutional look typically associated with accessible washrooms. They provide all the safety, usability and full Part M compliance you'd expect, but with a design-led edge that works beautifully in high-end surroundings.

From stylish restaurants to luxury hotels and contemporary workspaces, these packs make it possible to create beautiful, accessible spaces where everyone feels welcome.

THE ENDURING APPEAL OF A BLACK FINISH

There's a reason why black remains a timeless design choice. Understated yet powerful, it brings an air of sophistication and modernity to any interior, from bustling offices to forward-thinking public spaces.

The new Silk Black Doc M WC and shower packs from Armitage Shanks blend this aesthetic elegance with full compliance, creating accessible washrooms that feel considered, premium, and led by thoughtful design. With this new collection, accessibility and beauty are no longer mutually exclusive.

INCLUSIVE DESIGN

MEETS MODERN ELEGANCE

Silk Black finish Doc M WC and shower packs make a stunning design statement, all the while ensuring that everyone can use your space with comfort, confidence and dignity.

Fully compliant with Part M

Each pack meets all the requirements of Approved Document Part M, supporting accessibility and inclusivity across commercial and public settings.

A choice of configurations

Choose from nine WC packs, covering left and right-handed options across close coupled, back-to-wall and wall-hung configurations, plus a fully compliant Silk Black shower pack.

Part of trusted product ranges

All packs form part of our respected Contour 21+ and Concept Freedom collections, the UK's leading accessible sanitaryware ranges.

DESIGNED FOR
REAL-WORLD
PERFORMANCE

The Silk Black finish Doc M WC
and shower packs collection
isn't just good looking, as it's
also built to perform in the
most demanding environments.

- Ready for high traffic**

All grab rails and accessories feature a hardwearing, easy-clean silk black finish designed to withstand frequent use.
- All-in-one solution**

Every pack includes everything you need for quick specification and hassle-free installation.
- Contemporary, space-saving basins**

Basin-equipped packs feature handed, offset washbasins designed for easier side approach and space optimisation.
- Coordinated fittings**

Details matter, which is why we've also created matching black thermostatic basin mixers, spatula cistern levers and flush plates for visual consistency.
- Finishing touches**

A range of black accessories including toilet roll holders, toilet brushes and robes hooks are available, to further complete the overall aesthetic.
- EU manufacture**

Taps and shower valves featured in all Armitage Shanks Doc M packs, are manufactured to the highest standards in EU member states.
- Quality products that deliver**

Armitage Shanks' respected reputation for product durability and performance, backed by over 200 years of manufacturing experience and solid guarantees.

- Wide range**

—

A comprehensive choice of packs to suit any project requirement. The collection includes all major WC configurations (close coupled, back-to-wall and wall-hung) alongside an ambulant WC option and a fully compliant shower pack.
- Timeless design**

—

Every pack features a carefully curated selection of products chosen for both functionality and visual appeal. The silk black finish delivers a bold, contemporary aesthetic suitable for front-of-house and design-conscious environments.
- Stylish co-ordination**

—

Thoughtfully selected black accessories and fittings elevate both usability and aesthetic consistency. Even details such as the close coupled cistern's spatula lever have been reimagined in matching black.

Full compliance

- Where applicable, all packs are available in both left and right-handed formats, fully compliant with Approved Document Part M.
- Packs feature TMV3-approved thermostatic basin mixers and shower valves to safeguard against scalding, which is a critical requirement in healthcare, social care and high-use commercial environments.
- Shower valves are fitted with pin lever handles, offering ease of use for individuals with reduced dexterity.

WC bowls and seats

- All WC bowls feature a generous 75cm projection, enabling easier side transfers from wheelchairs.
- Raised height pans enhance accessibility, whilst rimless flush technology improves hygiene and simplifies cleaning.
- The Contour 21+ back-to-wall and wall-hung pans are finished with SmartGuard+ silver-ion antibacterial glaze, helping to prevent bacterial growth.
- New black seat options are available across both the Contour 21+ and Concept Freedom ranges to ensure design consistency and compliance.

Water-saving performance

- Silk Black Doc M packs include 6/4 litre dual flush close coupled or Conceala 3 concealed cisterns.
- All cisterns are easily adjustable on site to low water volume flushing (some down to 4.5/3 or 4/2.6 litres, depending on model), supporting sustainability and reduced water usage in high-traffic environments.
